1. Chinese Communist authorities in Peiping recently instructed the Social Affairs Department of the East China Bureau to intensify its investigation of developments on Taiwan. The directive brought out the following points: Many defects in the Communist coverage of Taiwan have become apparent since the Korean war diverted attention from the main target - Taiwan. Particularly lacking is concrete information on plotting between CHIANG Kai-shek and the U.S. and on the training, reorganization, and arming of the Nationalist Army. Such ineffectiveness hinders the liberation campaign and threatens the present coastal defense. It must be corrected immediately.
 2. Upon receipt of this directive the Social Affairs Department ordered the Political Security Bureau of the Shanghai Public Safety Department to assign 20 percent of its personnel to the coverage of Taiwan. Particular targets are as follows: Operations of the 7th Fleet, training of the Nationalist Army, American military aid to Taiwan, plotting between Taiwan and Japan, financial and economic information, and the winning over of wavering elements in Taiwan.
